Sir,

The Government in their order No.MS., 4706 (Education and Public Health) dated the 7th October 1940 have sanctioned the employment of an attendant and a scavenger temporarily in the Municipal Infectious Diseases Hospital as and when cases of small pox etc. are brought to it at the available market rates subject to the maximum pay prescribed for the posts.

(7) page 7

The Government in their order No.646 dated the 10th March 1937 while fixing the scales of pay of Public Health Establishment did not make any mention of 'attendant' in it. Hence it is not possible to fix his pay at the maximum ~~max~~ rate prescribed for the post. In the case of scavengers the maximum pay prescribed for the post is Rs.12/- but it will not be justifiable to pay him at the said rate for reasons already stated in my letter R.O.C.No. B1-9323-40 dated the 15th October 1940. In view of this I request that orders may kindly be passed as to whether the attendant and the scavenger attached to the Infectious Diseases Hospital could be paid at the rate sanctioned by the Council in its Resolution No.27, dated the 22nd March 1935 i.e. at Re.1 per day for attendant and Re.0.8.0 each per day for scavenger.
